

## Monday, 18. February 2019

**13:00 Arrival and Lunch Snack** - Kapelle

**14:00 Debate training - I beg to differ!**

Franziskussaal - Ground Floor - in English  
Räubersaal - Ground Floor - in German

- Introduction to “gender”
- Argumentation and relevance

**16:30 Coffee Break with Snacks**

**17:00 Building arguments conclusively and convincingly**

**19:30 Dinner** - Restaurant Franziskus - Basement

## Tuesday, 19. February 2019

**Debate training - I beg to differ!**

Franziskussaal or Räubersaal - Ground Floor

**8:30 Disprove and invalidate arguments**

**10:15 Coffee Break**

**10:45 Dealing confidently with interjections and critical questions**

**12:15 Lunch** - Restaurant Franziskus - Basement

**13:30 • Performing convincingly even with critical audiences**  
• Debate preparation

**15:00 Coffee Break with Snacks**

**15:15 Debate on the following topic:**  
Should animal experiments on more highly developed creatures be banned in basic research?

**16:00 Coffee Break**

**16:15 • Evaluation of the debate**  
• Transfer into practice: Raising awareness for gender related topics

**19:30 Dinner** - Restaurant Franziskus - Basement

## Wednesday, 20. February 2019

**08:30 TAC meetings**

Scholz/Heine/Chang/Eibel: Lindenblick 2, Basement  
Urbanczyk/Mielenz/Hauser/Jellusova:  
Schneewittchensaal, 2<sup>nd</sup> Floor

**09:45 Welcome & General Assembly**

Franziskussaal - Ground Floor

Chair: Hermann Eibel

**10:15 Melanie Sieder** (Project Reth/Warscheid)  
*Modulation of the cell surface B cell antigen receptor amount upon stimulation*

**10:45 Dorothea Reimer** (Project Mielenz)  
*Altering cytoskeletal stability of B lymphocytes impacts antigen-specific GC-derived plasma cell response*

**11:15 Michael Reth** (Freiburg)  
*The symmetric structure of the B cell antigen receptor and the nanoscale organization of the B cell membrane*

**11:45 Lunch** - Restaurant Franziskus - Basement

Chair: Niklas Engels

**13:00 Valerio Renna** (Project Jumaa)  
*Insights into the functional role of the IgD-BCR*

**13:30 Julia Jellusova** (Freiburg)  
*The role of the BCR in lymphoma metabolism*

**14:00 Thomas Weisenburger** (Project Winkler)  
*The role of Fas for GC B cell selection*

**14:30 Rebecca Cornelis** (Project Radbruch/Chang)  
*Stromal cell contact-induced PI3K signaling prevents caspase-3 induced cell death of memory plasma cells*

**15:00 Coffee Break with Snacks**

Chair: Hassan Jumaa

**15:30 Jens Wittner** (Project Jäck/Schuh)  
*The role of Krüppel-Like-Factor 2 (KLF2) transcription factor in plasma cell homeostasis*

**16:00 Antonia Niedobitek** (Project Mei/Dörner)  
*Heterogeneity and imprinting of long-lived plasma cells*

**16:30 Jens Löber** (Project Wienands/Engels)  
*The role of Vav family guanine-nucleotide exchange factors and their substrates in B cell antigen receptor signaling*

**17:00 Coffee Break**

**17:30 Ulf Klein** (Leeds)  
*Molecular mechanisms of germinal center B-cell differentiation*

**18:30 TAC meetings**  
Renna/Jumaa/Jellusova/Eibel: Lindenblick 2, Basement  
Finke/Hutloff/Hauser/Warnatz: Schneewittchensaal, 2<sup>nd</sup> Floor

**19:30 Dinner** - Restaurant Franziskus - Basement

**20:30 Poster Session** - Räubersaal (Ground Floor)

## Thursday, 21. February 2019

**08:30 TAC meetings**

Niedobitek/Mei/Voll/Schuh: Lindenblick 2, Basement

Chair: Bimba Hoyer

**09:45 Josephine Scholz** (Project Worm/Heine)  
*Immunomodulation by 9-cis retinoic acid and its nuclear hormone receptor RARα in an airway inflammation model*

**10:15 Sophia Urbanczyk** (Project Mielenz)  
*Proper propagation of mitochondrial DNA is required for development of germinal center and plasma cells*

**10:45 Rebecca Leyland** (Sheffield)  
*The role of microRNA-155 in B cell differentiation*

**11:45 Group Photo & Lunch** - Restaurant Franziskus

## Thursday, 21. February 2019

Chair: Thomas Winkler

- 13:00 Ellen McAllister** (Project Jellusova)  
*Signaling pathways regulating metabolic adaptations in B cells*
- 13:30 Asylkhan Rakhymzhan** (Berlin)  
*Three-photon imaging of various mouse organ structures*
- 14:00 Raluca Niesner** (Berlin)  
*Advances in the multi-photon imaging of B lymphocytes*
- 14:30 Dirk Mielenz** (Erlangen)  
*TFG regulates apoptosis and autophagy to maintain IgA secretion of plasma cells*
- 15:00 Coffee Break with Snacks**
- 15:30 Round Table Discussions**  
For assigned table and room please see backside of your name tag
- 17:30 Coffee Break**
- 18:00 Assembly project leaders** - Franziskussaal  
**Assembly PhD students** - Räubersaal
- 19:00 Dinner - Kapelle** - Ground Floor
- 20:30 Scientific ideas in the evening**

## Friday 22. February 2019

### 08:30 TAC meetings

Fahnenstiel/Voll/Nitschke/Winkler: Lindenblick 2  
Weisenburger/Voll/Nitschke/Winkler: Lindenblick 2

or

### Breakfast and Departure

Breakfast from 6.30 to 10.30 a.m.  
Check out until 11:00 a.m.

## Location

Lohr am Main lies in Lower Franconia and is known as the „Gateway to the Spessart“. The town was settled no later than the 8th Century and by its first documentary mention in 1295 it was already the main centre of the county Rieneck (comital domain within the Holy Roman Empire). Lohr am Main offers a mediaeval town center with beautiful half-timbered houses and of course the magnificent neighbouring „Spessart“ forest in the „Mainviereck“ (a square region bounded on three sides by the river Main). Fun fact: the „Lohrer Schloss“ is said to be Snow White's possible birth place.

### Venue

Hotel Franziskushöhe  
Ruppertshüttenerstr. 70  
97816 Lohr am Main  
phone: +49(0)9352-604-0  
e-mail: [info@franziskushoehe.de](mailto:info@franziskushoehe.de)

### Contact

Agnes Giniewski  
phone: +49(0)9131 8543219  
e-mail: [agnes.giniewski@fau.de](mailto:agnes.giniewski@fau.de)
